PF+C Recognized Twice at United Way Event

On May 3, Paul Frank + Collins received, not one, but two awards recognizing the firm for completing its highly successful United Way charitable giving campaign. PF+C President, Alan D. Port accepted the awards on behalf of the firm during the United Way of Chittenden County's Annual Community Awards Celebration at the Wyndham Hotel in Burlington.

The first award, the President's Award, was bestowed in appreciation of the firm's better than 80% campaign participation rate, and for outstanding levels of individual and corporate giving. The second award, the Cornerstone Award, was presented to highlight PF+C as a model for future successful charitable giving campaigns.

"In accepting the awards for us," Mr. Port wrote to his colleagues in a firm-wide email, "my one regret...was that I was not given the opportunity to publicly thank each of you for making PF+C's United Way campaign such a success..." The Cornerstone Award plaque and the President's Award certificate will be available for viewing in the firm's reception area until a permanent display location is chosen.
